Sun, 08 Jul 2018 02:40:00 GMT - I'm wondering if a mark in the head of my diamond ring that measures about 9-10mm. Is a size for the setting? It is clear and sharpe 10. The normal marking for gold purity are on the band. This is a full bezel head solid. Easy to read and it is not the carat weight. Do you know if the head size, is ever marked in the head of the ring? Thx

Wed, 11 Jul 2018 12:59:00 GMT - The "Acres of Diamonds" which I have mentioned through so many years are to be found in this city, and you are to find them. Many have found them. And what man has done, man can do. I could not find anything better to illustrate my thought than a story I have told over and over again, and which is now found in books in nearly every library. In 1870 we went down the Tigris River. We hired a ...
