Tue, 31 Jul 2018 21:25:00 GMT - September 14, 2006. "Global Warming" is a psychological operation, a "psyops", to condition the public to believe that we are going to be in a lot of trouble in the near future if we don't take steps "X,Y, & Z", and do it quickly. Those "steps" are what the Illuminati want us to follow so they can further consolidate their control over our lives-and still make a ton of money in the process.

Sat, 04 Aug 2018 02:08:00 GMT - Accompanying the concerns of climate change and global warming is the media spin, propaganda, and special interests. For many years in some countries, scientists and environmental groups raising concerns about climate change faced stern opposition, and at one time, ridicule. Initially, many big businesses and countries such as the United States were openly challenging concerns of climate change.
